Company Profile & Capability Statement

Safety And Fire Experts Pty Ltd is a provider of Fire and Electrical Design, Installation, Certification and Maintenance Services to the Australian domestic, commercial and industrial markets. A privately-owned Australian company founded in 2019 by John Tobin, Safety And Fire Experts Pty Ltd has emerged as one of Brisbane's leading service providers, delivering tailored solutions and services to a solid base of government and blue-chip customers.

As well as the technical experience obtained through years of maintaining blue chip client sites, we are aware of hazardous situations, which can arise from poor work practices. Safety And Fire Experts Pty Ltd avoid these situations through astute work scheduling, OH&S and environment control.

Retaining key personnel remains high on the agenda for the director of Safety And Fire Experts Pty Ltd. In the recent years of operation and through previous experience gained in high level roles for both smaller and large companies, investment in human resources has been the underlying force in achieving growth of the business and longevity of relationships within all areas of the industry.

Our team of multi-disciplined professionals can provide comprehensive turnkey solutions and advice on the most complex projects.

Our labour profile is such that the demanding programming required to carry out works is such a way that the customer's facility is not jeopardised, and the project goals are always achieved. Contingencies by way of stand by crews and back up equipment are always a high priority.

Continued technical training of our personal is done on a regular basis, as the Director of Safety And Fire Experts Pty Ltd believe that this enhances the company's performance in an environment where having the most advanced technology is the motivating factor for many projects and service delivery.
